### **About Integrated Diagnostics Holdings**

IDH is a leading consumer healthcare company in the Middle East and Africa with operations in Egypt, Jordan, Sudan and Nigeria. The Group's core brands include Al Borg and Al Mokhtabar in Egypt, as well as Biolab (Jordan), Ultralab and Al Mokhtabar Sudan (both in Sudan) and Echo-Scan (Nigeria). A long track record for quality and safety has earned the Company a trusted reputation, as well as internationally recognised accreditations for its portfolio of over 1,400 diagnostics tests. From its base of 405 branches as of 30 June 2018, IDH will continue to add laboratories through a Hub, Spoke and Spike business model that provides a scalable platform for efficient expansion. Beyond organic growth, the Group's expansion plans include acquisitions in new Middle Eastern and African markets where its model is well-suited to capitalise on similar healthcare and consumer trends and capture a significant share of fragmented markets. IDH has been a Jersey-registered entity with a Standard Listing on the Main Market of the London Stock Exchange (ticker: IDHC) since May 2015.

IDH's forward-looking strategy rests on leveraging its established business model to achieve four key strategic goals, namely: (1) continue to expand customer reach; (2) increase the number of tests per patient; (3) expand into new geographic markets through selective, value-accretive acquisitions; and (4) introduce new medical services by leveraging the Group's network and reputable brand position.
